**11. Club Registration:**

- Don Cardone advises the next Federation of Historic Motoring Clubs meeting is 16 June 2019. The Federation at its meeting on 13 April 2019 noted the following with regard to log books and conditional registration particularly with reference to log book signing :-

“Point 3.7 A journey for the purposes of log book recording may consist of one or more separate trips. However a journey that commences at 10.00pm on a particular day and finishes at 2.00am the next day constitutes two calendar days, as each day commences at midnight. Consequently, two separate days’ use must be recorded in the log book”.

So from reading the above the only person who is required to sign the log book is the actual driver at the commencement of the “journey”. As a journey may consist of one or more separate trips, it would appear the provided one entry made in the log book at the commencement of the journey and signed by the driver at the time is all that is required.

It can also be advised that the wording relating to log book entries has been noted for any future review of the Code of Practice and will be altered to make the requirement clearer in the future.
