ITINERARY

We will arrive on Monday 13th April in the mid afternoon directly from Warwick. You can choose to make your own way there, or come by an interesting cross country route with us, which may take an hour or so more than the more direct route. Let me know which suits you please.

Monday's evening meal will be in the newly renovated Surfair bistro, overlooking the pool. The same place will be the venue for communal breakfast each day and for hearing information about the day's activities. You can advise the resort of what level of breakfasts you would like. Evening meals on Wednesday and Thursday will be at different locations close by. Thursday's evening meal will be at the Surfair dining area. We are in the process of securing an area for our happy hour sessions too.

Lunch and morning tea choices will be on the route notes for each day. We will be visiting car collections, museums, car clubrooms and various local attractions throughout the week. Of course, we will use some really good Spritely roads each day too.
